FINANCE & INSURANCE MANAGER

Automotive Finance and Insurance Manager with 30 years in South Florida dealership finance offices, 28 of them earning increasing responsibility at Bill Seidle Nissan Auto Group. Structures and funds finance and lease transactions end to end — presenting F&I products and protection plans, calculating terms, taxes, rates and fees, and securing approvals through lender relationships built across banks, captives and credit unions over three decades, on vehicles from entry models to high-line units. Six-time Nissan Award of Excellence winner and Platinum-level performer in Nissan Security Plus products every year since 2005. Clean compliance and documentation record under TILA, FCRA, the Red Flags Rule and OFAC. Fluent daily in CDK, DealerTrack and Reynolds & Reynolds.

PROFESSIONAL EXPERIENCE

Finance Manager — Bill Seidle Nissan Auto Group

1998 – Present

Finance office for a high-volume store, supporting a 15-person sales team

- Structure and fund vehicle finance and lease transactions — calculating terms, taxes, interest rates and fees — for a 15-person sales floor, on inventory ranging from entry models to high-line units.
- Present financing options, extended warranties, GAP and protection plans to clients clearly and compellingly, sustaining product penetration and per-vehicle performance recognized annually by the manufacturer.
- Secure approvals through lender relationships built and maintained across banks, captives and credit unions, holding competitive terms for clients at every point on the credit spectrum.
- Prepare all finance, lease and insurance documentation to legal and dealership standards, maintaining accurate, complete deal files and contracts.
- Maintain full compliance across thousands of funded deals — Truth in Lending, the Fair Credit Reporting Act, the Red Flags Rule and OFAC — including the secure handling of client credit information every working day.
- Account for penetration and performance figures to dealership management and to a manufacturer that tracks its numbers closely.
- Train and mentor sales staff on deal structure, disclosure requirements and the hand-off into the finance office, protecting both client satisfaction and gross.
- Operate CDK, DealerTrack and Reynolds & Reynolds daily for deal files, credit submission, contract processing and funding follow-up.

Finance Manager — Brickell Honda

1996 – 1998

- Managed the F&I process for retail vehicle sales, structuring deals that balanced dealership profitability against client affordability.
- Built the bank and credit-union network that carried approvals for a broad, credit-diverse Miami clientele.
- Sold and administered aftermarket F&I products, contributing to monthly penetration and departmental gross.
- Held documentation and disclosure standards across every deal in the store.
